A trip across Lake Erie, via the steamers "Eastern States and "Western States," operated daily between Detroit and Buffalo, is a luxury in n:odern travel to be enjoyed at a moderate outlay. This line is famed for the courteous treatment extended its patrons and the absolute wholesome-

Considerable interest centers in the plan to make prisoners fined by the mayor, who have no money to meet the law's demands, work the same out on the streets. At least a trial would do no harm and it might work wonders. Over in Salem the method has been in vogue for several months, and so far it has been a genuine boon to the city government. In most cases prisoners sentenced to hard work on the streets, lose no time in getting away. Their absence is as much to be desired as anything else they could contribute. In not a single case where the law has been applied in Salem has the offender ever returned for a second dose. After all it is the chronic vagrants who most annoy officers of municipalities, and, after being confronted with hard work, they are not likely to return if they know the

same punishment confronts them. In Salem local people arrested have either paid their fines, arranged to pay them or worked them out on the streets, being placed out at service with the usual force employed on the city's thoroughfares

With such force and energy was the last Fourth of July celebrated all over the United States, and so deadly were the agencies employed to create noise. that the list of dead and wounded must cause all people to pause and shudder. It is probably true that in this country last Saturday more people were killed, and far more injured, in the process of commemorating the anniversary of the birthday of liberty, than were killed and wounded in the greatest battle of the Revolutionary war, which established the day and its meaning. From a mortuary standpoint of view the early fathers of Uncle Sam's present broad domain left a fearful heritage to their progeny in this day we call the Fourth of July. However, after all, who would part with it or vote to retire the celebration under the shade of oblivion's tree!

Supt. John Wells and a prospective oil & Gas company, had a trying experience vesterday while searching for the territory recently developed by that company.

The capitalist came to Chester from Pittsburg on Sunday and in company with Mr. Wells started for the Hadley farm, where the first test well is being drilled. Now Wells knew the way from Sil verthorn's to Chester, but he did not know how to go from the Silverthorn place to the oil field. He was not taking any chances that time in the evening, and the pair arrived in Chester late at night, footsore, disgusted and

ABSOLUTE CURE FOR STOMACH TROUBLE No Matter How Long You Have Had It.

NAU'S DYSPEPSIA CURE— IT CURES THE CAUSE. "For 20 years until within the last 15 months I have been greatly troubled with indigestion and have used a great many remedies without obtaining any permanent relief. About the 15th of June, 1900, I commenced using Nau's Dyspepsia Cure, and am pleased to say that I consider myself entirely cured of all stomach troubles. I have delayed expressing to you my opinion of your valuable remedy until such a time has elapsed us to convince me of my entire recovery. At the time I began to use Nau's Dyspepsia Cure, my health was in a critical condition and my friends had almost given up hopes of my recovery, and I am satisfied in my opinion that had it not been for Nau's Dyspepsia Cure. I would not be alive to write this letter." (Signed) N. M. CHURCH, Cashier La Grande, Oregon National Hank.

At 10:30 o'clock the members of company A, First regiment, Indiana national guard, after a day's vigilance in guarding the county jail, and 100 deputy sheriffs, under Sheriff Chris Kratz, fired point blank into a mob of 1,000 men gathered on Fourth. Division and Vine streets, surrounding the Vanderburg county jail and attempting its capture. From 7 a. m. until the hour of the catastrophe he crowd surged about the jail calling the militiamen vile names, assailing them with stones and berating the deputy sherins who guarded the jail.

At 10:30 o'clock the rioters pressed slowly forward and innocent onlookers and the curious followed. Slowly they forced the militiamen back toward the jail until the alleyway between Division street and the stone building was reached. Then the leaders, with a bicycle in their front as a shield to the bayonets of the soldiers, attempted to enter the alley and storm the alleyway entrance. Captain Blum, of the national guard, ordered a charge on the rioters. Gradually the crowd was forced back, the soldiers using their bayonets and butts of guns. Suddenly a rioter fell. A soldier tried to drag him to his feet, but before he could was assaulted by a rioter. Stones and boulders began to fly through the air. A soldier was struck with a rock and fell. A rioter was knocked down with a gun butt and then a shot was fired. The one shot started a fusillade of musketry and shotgun fire from the defenders of the jail and a scattered return fire from the rioters. Fully 300 shots were fired from the jail windows, the court house steps immediately opposite and by the soldiers on the streets. No one knows who fired the first shot. The soldiers claim it was the rioters, while the rioters make no claim and refuse to talk about it. The governor is said to have instructed the authorities not to jeopardize the safety of the jail with halfway measures. The soldiers and deputies fired in the retreating mob of men who ran into Division street falling, crying and praying. For 15 minutes the firing continued, then it ceased. The mob was gone and the soldiers held the place. In front of the staggering

Ed Schiffman, a painter who was seen in the first ranks of the mob during the evening, lay on the sidewalk, the top of his head blown completely off by a 45-caliber rifle bullet and his brains oozing out on the sidewalk. A short distance from him lay two other men, both dead, and one with a bullet wound over the heart. All over the street crawling and moaning wounded rioters and onlookers

Portsmouth and Admirable Reception Is Tendered.

### KING UNABLE TO BE PRESENT

Heavy Weather Forces Vessels Into ish Colors Wave in Harmony.

Portsmouth, England, July 7 .- In the midst of the entertainment of Presidepression usually dent Loubet, England has not neglected to make full preparations for the reception of Rear Admiral Cotton's squadron. It had not been expected that the American warships would arrive until this morning and Sir Archibald Berkeley Milne, the commodore of the royal yachts, specially detailed by King Edward, had a long confer ence with Sir Charles Hotham, the admiral commanding at Portsmouth, and Lord Charles Beresford, commanding the channel squadron, regarding the details of the reception. The heavy weather in the channel, however, unexpectedly drove the Kearsarge, San Francisco and Chicago into Spithead during the night.

> cated to Admiral Hotham, the vessels of the channel squadron began to twinkle a welcome with their electric lights, but beyond this there was no demonstration. The British squadron at Portsmouth is more formidable in offensive power than the channel squadron, which received President Loubet at Dover. It includes the battleships Majestic, flying the flag of Lord Charles Beresford; the Magnificent, with the flag of the Hon. Hedworth Lambton, second in command of the channel squadron; Mars, Prince George, Jupiter and Hannibal; the armored cruisers Hope and Sutlej; the protected cruisers Doris, Pactolus and Promethous.

Official calls will then be exchanged by Lord Charles Beresford, Admiral Milne and Rear Admiral Cotton. The entertainment will be robbed somewhat of the spectacular character of the ceremonies at Kiel, since King Edward, unlike the German emperor, will be unable to be present. Admiral king to be present. Hotham will be the host in the evening, giving a dinner at the admiralty house, which will be attended by Ad miral Cotton, Flag Lieutenant Hussey, Secretary Mann and the captains of the American warships. After the dinner both fleets will be illuminated.

On Wednesday, besides the entertainments at Portsmouth. Admiral Cot ton, his captains and Naval Attache Stockton will be the guests of honor at a dinner at the London house of the earl of Selborne, first lord of the admiralty. Later, accompanied by 23 other officers of the squadron, they will attend the state ball given in honor of President Loubet at Buckingham palace.

To Dine With the King.

On Thursday the American officers will be entertained at breakfast by the Pilgrims club and afterwards Admiral Cotton, the captains of the American vessels and United States delighted with the splendid fashion in Naval Attache Stockton will dine with the king at Buckingham palace.

Often Help You Greatly-Read What An East Liverpool Citizen Says.

You may hesitate to listen to the advice of strangers, but the testimony of residents of East Liverpool is worth your most careful attention. It is an easy matter to investigate such proof as this. The evidence must be conclusive. Read the following:

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for 30 years I had serious kidney and bladder trouble. The agony I went through can hardly be described. Many nights I rolled from one side to another trying to find an easy position for my back; I could not move without having sharp twinges of pain and I was also troubled with urinary difficulty, the secretions being very irregular, and at times very distressing. I ran down so that I could hardly help myself. Doctors treated me. I took a power of stuff and had given up all hope when I saw Doan's Kidney Pills advertised as a never failing remedy. I got a box at the W. & W. Pharmacy and after taking half of it I could see some improvement. I continued. and the treatment did me more good than anything I ever used"

Freight Cars Burned-The burning of a number of old freight cars at a point a short distance west of Walker last night by employes of the railroad company caused some excitement at Wellsville and this city. It was reported that a portion of the Lyth sewer pipe works was on fire, but the rumor proved to be untrue.

On a Serious Charge - Floyd Bird and Mrs. Mary L. West were arrested last night by Chief Wyman on a serious charge preferred against them by Mrs. West's husband. Both were released this morning on their own recognizance to appear at some future date for trial. The parties live in the shanty boat district, near the flint mill. They moved to the city about eight weeks ago from Wheeling. The evidence against them is light, and it is thought probable that they will not be convicted of crime.

Curfew Did Not Ring-The curfew, which chimes out promptly at 10 o'clock each night, failed to ring last evening, and a large number of citizens who have become accustomed to regulating their time for retiring by the curfew, were a little late in getting to bed. The firemen at Central station have charge of the task, and failed to note that the bell did not ring. It is supposed there was something wrong with the batteries at the city hall end of the wire. It is being investigated today.

You are paying \$15.00 a month rent; your neighbor is paying \$15.00 a month on his property. In ten years you will have 120 rent receipts representing \$1800.00 of your hard earned money. Your neighbor will have a deed free and clear from all encumbrances for his home worth perhaps \$2500.00. You paid \$1800.00 out have nothing. He paid \$1800.00 out and owns his home which meanwhile has grown in value. He has \$2500.00 to his credit in property; you have nothing. You earned \$3.00 per day. He earned \$3.00 per day. You had a wife and family. He had a wife and family. You had sickness of yourself and family. He had sickness of himself and family. You had no work part of the time. He had no work part of the time. You had to meet your \$15.00 rent monthly. He had to meet his \$15.00 payment monthly. Had you failed to have paid your rent you would have been ejected. Had he failed to make his payments he would have taken advantage of the Grace in his Contract.

Who is the wise one? Who is the foolish one?

### We're after your case. We want to help you. Give us opportunity. We'll do it.

If you are at all intelligent you will see our point. It is not what you spend your money for, but how you spend it. Clothes and food are legitimate expenditures of money but if someone offers you a way that you can buy clothes and food and receive back your money would you not avail yourself of it? Why then not take the same plan when it is offered you in that other essential of life, a shelter, a home.

John Tasker was arrested last evening by Officer Dawson on a charge of stealing a watch, valued at \$25 and money to the amount of \$2.50 from Mrs. Lucy Markys.

The plaintiff alleged that Tasker stole the articles while she was away from the house during vesterday afternoon. She, however, had no evidence further than that he was the only per-

son in the house during her absence. Tasker was not given a hearing and it is likely will be taken before Mrs. Markys, he having stated that he can bring about an adjustment of the trouble. Mrs. Markys also alleges that some one stole a ring and a gold watch chain from her last week. She thinks Tasker stole them also.

## Weak Hearts

of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only trace-able to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This Interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

### Kodol Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammeled action.

Considerable interest centers in the plan to make prisoners fined by the mayor, who have no money to meet the law's demands, work the same out on the streets. At least a trial would do no harm and it might work wonders. Over in Salem the method has been in vogue for several months, and so far it has been a genuine boon to the city government. In most cases prisoners sentenced to hard work on the streets, lose no time in getting away. Their absence is as much to be desired as anything else they could contribute. In not a single case where the law has been applied in Salem has the offender ever returned for a second dose. After all it is the chronic vagrants who most annoy officers of municipalities, and, after being confronted with hard work, they are not likely to return if they know the

Supt. John Wells and a prospective oil & Gas company, had a trying experience yesterday while searching for the territory recently developed by that company.

The capitalist came to Chester from Pittsburg on Sunday and in company with Mr. Wells started for the Hadley farm, where the first test well is be ing drilled. Wells is superintendent of the company, located the wells on the Hadley property, knows the oil business thoroughly and is particularly strong on pushing deals through, but his knowledge of the geography of Hancock county is limited. The two men went out Middle run for many miles, and then turning about, came within a short distance of the town without knowing it. It dawned on the superintendent about this time that e was lost. He was game, however, and without showing his fears with the capitalist, changed their course. They came out at the Silverthorn farm when it was nearly dark

Now Wells knew the way from Sil verthorn's to Chester, but he did not know how to go from the Silverthorn place to the oil field. He was not taking any chances that time in the even ing, and the pair arrived in Chester ate at night, footsore, disgusted and dead tired.

"Dr. Miles' Heart Cure saved my life and Dr. Miles' Restorative Nervine savel me from insanity. I was very skeptical when I began using them but my boy begged me to give them a fair trial and I bought three bottles of the Heart Cure and four of the Nervine. My heart fluttered so and I could hardly walk because from my knees to my feet my legs were terribly bloated in the afternoon. I suffered from terrible burning in my throat. The top of my head was sore, suffered pain in the small of my back, I lost my appetite and could not sleep. I suffered from pains in my left shoulder, swelling under left arm, pain around my heart, shortness of breath and exfreme nervous spells. About the 15th of June, 1900, I commenced using Nau's Dyspepsia Cure, and am pleased to say that I consider myself entirely cured of all stomach troubles. I have delayed expressing to you may opinion of your valuable remedy until such a time has elapsed as to convince me of my entire recovery. At the time I began to use Nau's Dyspepsia Cure, my health was in a critical condition and my friends had almost given up hopes of my recevery, and I am satisfied in my opinion that had it not been for Nau's Dyspepsia Cure. I would not be alive to write this letter, " (Signed) N.M. CHURCH, Cashier La Grande, Oregon National Bank.

CROWD TRY TO CAPTURE JAI'

Fatal Termination of Four-Days' Rioting and Lawlessness-More Than Score Injured-Innocent Onlookers

Evansville, Ind., July 7.-Following four days of rioting and general lawlessness this city last night saw the most terrible of its experiences with rioters. Seven persons dead and 14 are known to be injured, with at least that number more thought to be hurt. The Dead.

Edward Schiffman, painter, top head blown off with rifle. Haxel Allman, 15 years old, shot breast with shotgun.

John Barrett, shot in right lung; died in St. Mary's hospital. August Jordan, aged 19, musician, bullet wound through heart.

Edward Rule, 23 years old, laborer, shot through body and head; killed instantly. Two unidentified dead men lying in

front of jail.

The Wounded. Fred Schmidt, driver for brewing company; seriously shot in leg and arm; taken to his home. Fred Kappler, buckshot charge in

face and body; will die. Lee Hawley, laborer, shot in leg. Robert Miller, shot in cheek. Charles Preskey, aged 17, grocery boy; shot through left wrist and

bullet wounds in both heels. Theodore Beem, aged 20, shot in right side; painful flesh wound. John Fares, aged 48, shot in head and

hip; may die. Albert Kaeuss, soldier, shot while picking up wounded rioter; hit in

right arm; not serious. Six other rioters were seen to fall, but got away before their names were

learned. At least that number more suspected of being hurt. Four members of Company A, First regiment, bullet and light gunshot wounds on the body; one of them shot through the shoulder; another through

the ankle and other two slight scratches. Two deputy sheriffs were slightly

wounded. At 10:30 o'clock the members of company A, First regiment, Indiana national guard, after a day's vigilance in guarding the county jail, and 100 deputy sheriffs, under Sheriff Chris Kratz, fired point blank into a mob of 1,000 men gathered on Fourth, Division and Vine streets, surrounding the Vanderburg county jail and attempting its capture. From 7 a. m. until the hour of the catastrophe he crowd surged about the jail calling the mili-Liver Oil with Hypophosphites alone tiamen vile names, assailing them with stones and berating the deputy

sheriffs who guarded the jail.

At 10:30 o'clock the rioters pressed

slowly forward and innocent onlookers and the curious followed. Slowly they forced the militiamen back toward the jail until the alleyway between Division street and the stone building was reached. Then the leaders, with a bicycle in their front as a shield to the bayonets of the soldiers, attempted to enter the alley and storm the alleyway entrance. Captain Blum, of the national guard, ordered a charge on the rioters. Gradually the crowd was forced back, the soldiers using their bayonets and butts of guns. Suddenly a rioter fell. A soldier tried to drag him to his feet, but before he could was assaulted by a rioter. Stones and boulders began to fly through the air. A soldier was struck with a rock and fell. A rioter was knocked down with a gun butt and then a shot was fired. The one shot started a fusillade of musketry and shotgun fire from the defenders of the jail and a scattered return fire site and by the soldiers on the into Division street falling, crying ing continued, then it ceased. The

and fear came from the injured. Ed Schiffman, a painter who was seen in the first ranks of the mob during the evening, lay on the sidewalk, the top of his head blown completely off by a 45-caliber rifle bullet and his brains oozing out on the sidewalk. A short distance from him lay two other men, both dead, and one with a bullet wound over the heart. All over the street crawling and moaning wounded rioters and onlookers

American Squadron Now at Portsmouth and Admirable Reception Is Tendered.

### KING UNABLE TO BE PRESENT

Heavy Weather Forces Vessels Into Harbor Ahead of Time-Great Program Arranged-American and British Colors Wave in Harmony.

Portsmouth, England, July 7 .- In the midst of the entertainment of President Loubet. England has not neglectassociated with this critical period. It ed to make full preparations for the reception of Rear Admiral Cotton's squadron. It had not been expected that the American warships would arrive until this morning and Sir Archibald Berkeley Milne, the commodore of the royal yachts, specially detailed by King Edward, had a long confer ence with Sir Charles Hotham, the admiral commanding at Portsmouth, and Lord Charles Beresford, commanding the channel squadron, regarding the details of the reception. The heavy weather in the channel, however, unexpectedly drove the Kearsarge, San Francisco and Chicago into Spithead during the night

As soon as the news was communicated to Admiral Hotham, the vessels of the channel squadron began to twinkle a welcome with their electric lights, but beyond this there was no demonstration. The British squadron at Portsmouth is more formidable in offensive power than the channel squadron, which received President Loubet at Dover. It includes the battleships Majestic, flying the flag of Lord Charles Beresford: the Magnificent, with the flag of the Hon. Hedworth Lambton, second in command of the channel squadron; Mars, Prince George, Jupiter and Hannibal: the ar mored cruisers Hope and Sutlei: the protected cruisers Doris. Pactolus and Promethous.

Program Arranged. The city is decorated with the Brit ish and American colors. The American warships assembled at Spithead will enter Portsmouth harbor at 9:30 a m., passing through the line of the British warships, which will fire salutes. This compliment will be re turned by the Kearsarge and her consorts, which will be escorted to their berths in the inner harbor.

Official calls will then be exchanged by Lord Charles Beresford, Admiral Milne and Rear Admiral Cotton. The entertainment will be robbed somewhat of the spectacular character of the ceremonies at Kiel, since King Edbe unable to be present. Admiral Hotham will be the host in the even. ing, giving a dinner at the admiralty house, which will be attended by Admiral Cotton, Flag Lieutenant Hussey, Secretary Mann and the captains of the American warships. ### A FRIEND'S ADVICE

Will Often Help You Greatly-Read What An East Liverpool Citizen Says.

You may hesitate to listen to the advice of strangers, but the testimony of residents of East Liverpool is worth your most careful attention. It is an easy matter to investigate such proof as this. The evidence must be conclusive. Read the following:

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for 30 years I had serious kidney and bladder trouble. The agony I went through can hardly be described. Many nights I rolled from one side to another trying to find an easy position for my back; I could not move without having sharp twinges of pain and I was also troubled with urinary difficulty, the secretions being very irregular, and at times very distressing. I ran down so that I could hardly help myself. Doctors treated me. I took a power of stuff and had given up all hope when I saw Doan's Kidney Pills advertised as a never failing remedy. I got a box at the W. & W. Pharmacy and after taking half of it I could see some improvement. I continued. and the treatment did me more good than anything I ever used"

Freight Cars Burned-The burning of a number of old freight cars at a point a short distance west of Walker last night by employes of the railroad company caused some excitement at Wellsville and this city. You are paying \$15.00 a month rent; your neighbor is paying \$15.00 a month on his property. In ten years you will have 120 rent receipts representing \$1800.00 of your hard earned money. Your neighbor will have a deed free and clear from all encumbrances for his home worth perhaps \$2500.00. You paid \$1800.00 out and have nothing. He paid \$1800.00 out and owns his home which meanwhile has grown in value. He has \$2500.00 to his credit in property; you have nothing. You earned \$3.00 per day. He earned \$3.00 per day. You had a wife and family. He had a wife and family. You had sickness of yourself and family. He had sickness of himself and family. You had no work part of the time. He had no work part of the time. You had to meet your \$15.00 rent monthly. He had to meet his \$15.00 payment monthly. Had you failed to have paid your rent you would have been ejected. Had he failed to make his payments he would have taken advantage of the Grace in his Contract.

Who is the foolish one?

Why then not take the same plan when it is offered you in that other essential of life, a shelter, a home.

After the administration of the vaticum telegrams hoping for his recovery were shown to the pope and he appeared to be much gratified. One of the strangest features in his condition is the interest the pope takes in telegrams inquiring about his health. Yesterday, having heard that a French lady whom he had received in audience a few weeks ago had telegraphed a message of sympathy, he asked to see the dispatch and when Monsignor Pifferi brought it he was not satisfied with looking at the message, but wished to read it.

Considerable interest centers in the plan to make prisoners fined by the mayor, who have no money to meet the law's demands, work the same out on the streets. At least a trial would do no harm and it might work wonders. Over in Salem the method has been in vogue for several months, and so far it has been a genuine boon to the city government. In most cases prisoners sentenced to hard work on the streets, lose no time in getting away. Their absence is as much to be desired as anything else they could contribute. In not a single case where the law has been applied in Salem has the offender ever returned for a second dose. After all it is the chronic vagrants who most annoy officers of municipalities, and, after being confronted with hard work, they are not likely to return if they know the

With such force and energy was the last Fourth of July celebrated all over the United States, and so deadly were the agencies employed to create noise, that the list of dead and wounded must cause all people to pause and shudder. It is probably true that in this country last Saturday more people were killed, and far more injured, in the process of commemorating the anniversary of the birthday of liberty, than were killed and wounded in the No. 122 greatest battle of the Revolutionary war, which established the day and its meaning. From a mortuary standpoint of view the early fathers of Uncle Sam's present broad domain left a fearful heritage to their progeny in this day we call the Fourth of July. ### Dr. Miles' Heart Cure Cured Completely.

When your heart is right you are unconscious that you have one; when anything goes wrong you know it at once—if you take heed. The heart warns by shortness of breath, palpitation, fluttering, hard beating, pain in chest, left side, or between shoulder blades, fainting, smothering or sinking spells. The only reliable remedy that any one knows of is Dr. Miles' Heart Cure. It has always cured when nothing else would even help. Read the remarkable statement of Mrs. Ingram:

### ABSOLUTE CURE FOR STOMACH TROUBLE o Matter How Long You Have Had It. NAU'S DYSPEPSIA CURE— IT CURES THE CAUSE.

"For 20 years until within the last 15 months I have been greatly troubled with indigestion and have used a great many remedies without obtaining any permanent relief. About the 15th of June, 1900, I commenced using Nau's Dyspepsia Cure, and am pleased to say that I consider myself entirely cured of all stomach troubles. I have delayed expressing to you my opinion of your valuable remedy until such a time has elapsed as to convince me of my entire recovery. At the time I began to use Nau's Dyspepsia Cure, my health was in a critical condition and my friends had almost given up hopes of my recovery, and I am astisfied in my opinion that had it not been for Nau's Dyspepsia Cure. I would not be alive to write this letter." (Signed) N. M. CHURCH, Cashler La Grande, Oregon National Bank.

London, July 7 .- President Loubet, the first president of the republic who has represented the French nation as the guest of the British court, arrived in London from Dover and was greeted at the Victoria railroad station by King Edward and the prince of Wales, accompanied by the cabinet ministers and a host of other distinguished persons.

After an inspection of the guard of honor, the king and M. Loubet left the station and entered a state carriage, ir which the prince of Wales and the duke of Connaught were also seated. The vehicle, escorted by a detachment of life guards, was then driven through up to the foot of the octette. The decorated streets to St. James palace. M. Loubet was loudly cheered every-

Opposite the entrance of the palace on a balcony of Marlborough house were the children of the prince and princess of Wales, who saluted the president and the king. The latter first noticed his grandchildren, returned their salute and drew M. Loubet's attention to them. The president immediately half stood up, smiled and saluted the youngsters.

President Loubet's first day in London closed with a state banquet at Puckingham palace. It was the most trilliant function the dingy old pile had witnessed for a long time. The company included all the high officials of the kingdom.

Your 'Favorite Prescription,' 'Golden Medical Discovery' and 'Pleasant Pellets' are the best medicines for the diseases for which they are recommended, that I ever used. They saved my wife's life at the time of 'change of life'. I have been recommending your medicine to many afflicted women and have also guaranteed that if it did not cure I would pay back the money spent for it. I have told our druggist that if the people came back and said Doctor Pierce's medicines did not give satisfaction, to give them back their money and charge it to me. Four members of Company A. First regiment, bullet and light gunshot wounds on the body; one of them shot through the shoulder; another through the ankle and other two slight scratches.

Two deputy sheriffs were slightly wounded.

At 10:30 o'clock the members of company A, First regiment, Indiana national guard, after a day's vigilance in guarding the county jail, and 100 deputy sheriffs, under Sheriff Chris Kratz, fired point blank into a mob of 1,000 men gathered on Fourth, Division and Vine streets, surrounding the Vanderburg county jail and attempting its capture. From 7 a. m. until the hour of the catastrophe he crowd surged about the jail calling the militiamen vile names, assailing them with stones and berating the deputy

At 10:30 o'clock the rioters pressed slowly forward and innocent onlookers and the curious followed. Slowly they forced the militiamen back toward the jail until the alleyway between Division street and the stone building was reached. Then the leaders, with a bicycle in their front as a shield to the bayonets of the soldiers, attempted to enter the alley and storm the alleyway entrance. Captain Blum, of the national guard, ordered a charge on the rioters. Gradually the crowd was forced back, the soldiers using their bayonets and butts of guns. Suddenly a rioter fell. A soldier tried to drag him to his feet, but before he could was assaulted by a rioter. Stones and boulders began to fly through the air. A soldier was struck with a rock and fell. A rioter was knocked down with a gun butt and then a shot was fired. The one shot started a fusillade of musketry and shotgun fire from the defenders of the jail and a scattered return fire from the rioters. Fully 300 shots were fired from the jail windows, the court house steps immediately opposite and by the soldiers on the streets. No one knows who fired the first shot. The soldiers claim it was the rioters, while the rioters make no claim and refuse to talk about it. In front of the staggering band of 58 soldiers lay the dead and wounded. Moans and shrieks of agony and fear came from the injured. Ed Schiffman, a painter who was

seen in the first ranks of the mob during the evening, lay on the sidewalk, the top of his head blown completely off by a 45-caliber rifle bullet and his brains oozing out on the sidewalk. It had not been expected that the American warships would arrive until this morning and Sir Archibald Berkeley Milne, the commodore of the royal yachts, specially detailed by King Edward, had a long conference with Sir Charles Hotham, the admiral commanding at Portsmouth, and Lord Charles Beresford, commanding the channel squadron, regarding the details of the reception. The heavy weather in the channel, however, unexpectedly drove the Kearsarge, San Francisco and Chicago into Spithead during the night.

As soon as the news was communicated to Admiral Hotham, the vessels of the channel squadron began to winkle a welcome with their electric ights, but beyond this there was no demonstration. ### A FRIEND'S ADVICE

Will Often Help You Greatly-Read What An East Liverpool Citizen Says.

You may hesitate to listen to the idvice of strangers, but the testimony of residents of East Liverpool is worth your most careful attention. It is an easy matter to investigate such proof as this. The evidence must be conclusive. Read the following:

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for 30 years I had serious kidney and bladder trouble. The agony I went through can hardly be described. Many nights I rolled from one side to another trying to find an easy position for my back; I could not move without having sharp twinges of pain and I was also troubled with urinary difficulty, the secretions being very irregular, and at times very distressing. I ran down so that I could hardly help myself. Doctors treated me. I took a power of stuff and had given up all hope when I saw Doan's Kidney Pills advertised as a never failing remedy. I got a box at the W. & W. Pharmacy and after taking half of it I could see some improvement. I continued. and the treatment did me more good than anything I ever used"

### Brief Notes of a Personal Nature and of Matters About Town.

Along the River-The river is falling today, with about 10 feet in the channel. The Queen City is due up tonight at 6 o'clock and the Kanawha is due down at 8.

Car Jumped Track-This afternoon a car of a west bound treight train jumped the track and went over a culvert just east of Ralston's crossing in East End. The car was badly damaged but was placed on the track and taken along with the train.

A Historic Spot -- Miss Gertrude Baker has returned from a visit in Massachusetts. A part of her time was spent at Provincetown, which spot is of especial historical interest, being the place where the Pilgrims first landed.

Freight Cars Burned-The burning of a number of old freight cars at a point a short distance west of Walker last night by employes of the railroad company caused some excitement at Wellsville and this city. It was reported that a portion of the Lyth sewer pipe works was on fire, but the rumor proved to be untrue.

Verdict For Plaintiff—The case of W. A. Calhoun against Ed. Wyman, in which the plaintiff sued for \$63 alleged to be due him for plans submitted to the defendant for the erection of a house, came up for hearing in the court of 'Squire J. N. Rose this morning. The justice decided in favor of the plaintiff, rendering a verdict for

On a Serious Charge - Floyd Bird and Mrs. Mary L. West were arrested last night by Chief Wyman on a serious charge preferred against them by Mrs. West's husband. Both were released this morning on their own recognizance to appear at some future date for trial. The parties live in the shanty boat district, near the flint mill. They moved to the city about eight weeks ago from Wheeling. The evidence against them is light, and it is thought probable that they will not be convicted of crime.

Curfew Did Not Ring-The curfew. which chimes out promptly at 10 o'clock each night, failed to ring last evening, and a large number of citizens who have become accustomed to regulating their time for retiring by the curfew, were a little late in getting to bed. The firemen at Central station have charge of the task, and failed to note that the bell did not ring. It is supposed there was something wrong with the batteries at the city hall end of the wire. It is being investigated today.

# Which Is Foolish? Which Is Wise?

You are paying \$15.00 a month rent; your neighbor is paying \$15.00 a month on his property. In ten years you will have 120 rent receipts representing \$1800.00 of your hard earned money. Your neighbor will have a deed free and clear from all encumbrances for his home worth perhaps \$2500.00. You paid \$1800.00 out and have nothing. He paid \$1800.00 out and owns his home which meanwhile has grown in value. He has \$2500.00 to his credit in property; you have nothing. You earned \$3.00 per day. He earned \$3.00 per day. You had a wife and family. He had a wife and family. You had sickness of yourself and family. He had sickness of himself and family. You had no work part of the time. He had no work part of the time. You had to meet your \$15.00 rent monthly. He had to meet his \$15.00 payment monthly. Had you failed to have paid your rent you would have been ejected. Had he failed to make his payments he would have taken advantage of the Grace in his Contract.

### Who is the wise one? Who is the foolish one?

### We're after your case. We want to help you. Give us opportunity. We'll do it.

If you are at all intelligent you will see our point. It is not what you spend your money for, but how you spend it. Clothes and food are legitimate expenditures of money but if someone offers you a way that you can buy clothes and food and receive back your money would you not avail yourself of it? Why then not take the same plan when it is offered you in that other essential of life, a shelter, a home.

We make the offer and are

Waiting to hear from you.

### POTTERY COMPANY'S PLAT WAS REJECTED

Bell Pottery Company Meets Obstacles at Columbus-Canton Concern Incorporated.

From a Staff Correspondent.

Columbus, July 7.-The commissioners of Franklin county have rejected the plat of Bellwood, submitted by the Bell Pottery company, on the ground that the company seeks to exclude street cars, telegraph and telephone companies, gas.mains, water pipes and other public utilities from the addition until it becomes a municipality. The commissioners concluded the company wanted to retain too many privileges and in refusing the plat they followed the advice of the prosecuting attorney, who declared that the city should have control. The pottery people announce ed that they would retain the plat and would make an independent village of Bellwood, and that it would not be made an addition to Columbus, as originally intended. The new pottery will be ready for operation by fall.
